System requirement 
• Windows XP, Vista

Windows: 7, 8, 8.1, 10, and Server 2003 onwards

· Linux (Redhat/Ubuntu), Android, Chrome

## Electrical

Operating voltage DC5V, 0.1A

## Physical characteristics

Weight (with cable) <120 g (<0.2646 lb)

Dimensions:

 Length
 115.3 mm (4.54 in)

 Width
 63.0 mm (2.48 in)

 Height
 38.8 mm (1.53 in)

#### **Environmental**

Temperature

Operating -10°C to 50°C
Storage -40°C to 65°C

Humidity

Operating 10 to 90% relative humidity, -50 to 10,000 feet Storage 10 to 95% relative humidity, -50 to 35,000 feet

# Troubleshooting

Problems	Possible solutions
Mouse is not functioning	<ol> <li>Connect the mouse USB cable to another USB A port. A notification appears indicating that the driver installation is in progress. If so, wait until a notification appears indicating that the drivers are installed before you use the mouse.</li> </ol>
	2. Restart the computer.
Resolving cursor issues	<ol> <li>Connect the mouse USB cable to another USB A port. A notification appears indicating that the driver installation is in progress. If so, wait until a notification appears indicating that the drivers are installed before you use the mouse.</li> </ol>
	<ol><li>Ensure that the sensor is not obstructed or dirty.</li></ol>
	3. Glass or very smooth glossy surfaces are not suitable for the mouse sensor to capture movement. Using a dark colored fabric mouse pad can improve the tracking.
	4. Save any data, close any open program(s), and then restart the laptop/desktop. When you do not have another mouse or touchscreen, you may have to hold the power button down for at least 15 seconds to turn the laptop/desktop off. You may lose any data that is not saved.
Resolving mouse button issues	<ol> <li>Ensure that there is nothing preventing the mouse buttons from moving. Most mouse buttons make a clicking noise when pressed down.</li> </ol>

Problems	Possible solutions
Resolving mouse button issues (continued)	2. Connect the mouse USB cable to another USB A port. A notification appears indicating that the driver installation is in progress. If so, wait until a notification appears indicating that the drivers are installed before you use the mouse.
	3. Save any data, close any open program(s), and then restart the laptop/desktop. When you do not have another mouse or touchscreen, you may have to hold the power button down for at least 15 seconds to turn the laptop/desktop off. You may lose any data that is not saved.
Troubleshooting a slow moving cursor	Ensure that the sensor is not obstructed or dirty.
	<ol><li>Glass or very smooth glossy surfaces are not suitable for the mouse sensor to capture movement. Using a dark colored fabric mouse pad can improve the tracking.use pad can improve the tracking.</li></ol>
	<b>3.</b> Change the mouse settings to adjust the pointer speed.
	Click on the tab that matches the Operating System (OS) installed on your laptop/desktop and perform the steps within that section to change the settings.

In the **Search** box, type main.cpl.Click or tap main.cpl in the list of

 Move the slider under Select a Pointer Speed to adjust the cursor

speed to the desired level.

programs.

· Click or tap **OK**.

Dell

## Statutory Information

## Warranty

#### Limited warranty and return policies

Dell-branded products carry a three-year limited hardware warranty. If purchased together with Dell system, it will follow the system warranty.

#### For U.S. customers:

This purchase and your use of this product are subject to Dell's end user agreement, which you can find at **Dell.com/terms**. This document contains a binding arbitration clause.

#### For European, Middle Eastern and African customers:

Dell-branded products that are sold and used are subject to applicable national consumer legal rights, the terms of any retailer sale agreement that you have entered into (which will apply between you and the retailer) and Dell's end user contract terms.

Dell may also provide an additional hardware warranty – full details of the Dell end user contract and warranty terms can be found by going to **Dell.com/terms**, selecting your country from the list at the bottom of the "home" page and then clicking the "terms and conditions" link for the end user terms or the "support" link for the warranty terms.

#### For non-U.S. customers:

Dell-branded products that are sold and used are subject to applicable national consumer legal rights, the terms of any retailer sale agreement that you have entered into (which will apply between you and the retailer) and Dell's warranty terms. Dell may also provide an additional hardware warranty – full details of Dell's warranty terms can be found by going to

**Dell.com**, selecting your country from the list at the bottom of the "home" page and then clicking the "terms and conditions" link or the "support" link for the warranty terms.
