

Lenovo C27-40 Monitor

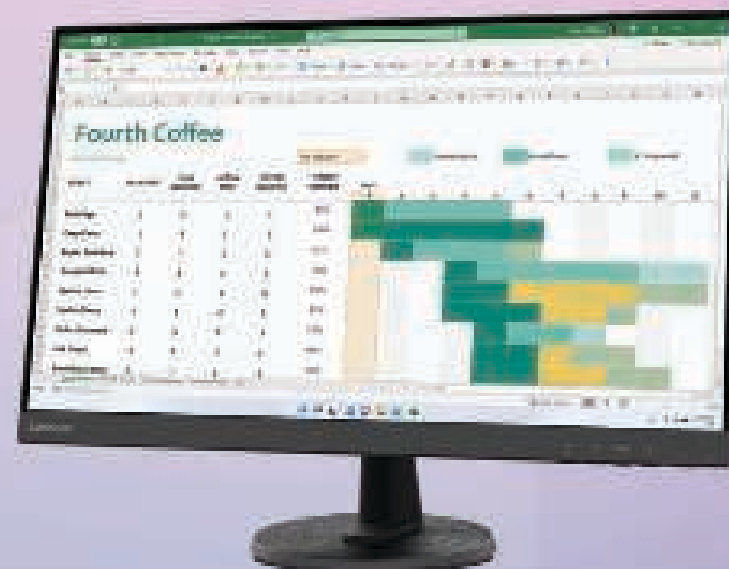

Your ally for work and games.

High performance that's perfectly practical.

With the Lenovo C27-40 Monitor, make the most out of your work and play. Experience the vividness of every image on the monitor's big 27-inch 3-side NearEdgeless VA panel. The FHD (1920 x 1080) resolution renders clear and sharp images so that accuracy becomes your superpower while working on professional documents and playing games. The Lenovo C27-40 Monitor sports VA panel with 178°/178° wide-viewing angle. The 72% NTSC support produces vivid imagery. Enjoy smooth video streaming or gameplay with a 75Hz refresh rate and quick 5ms screen response time. The AMD FreeSync™ technology* ensures the screen does not tear and stutter during fast-moving scenes. With work and gaming often exposing you to the screen for long hours, the monitor's Natural Low Blue Light technology protects your eyes from harmful blue light. The monitor comes with connectivity ports including HDMI, VGA, and audio-out to seamlessly connect your laptop, CPU, speakers, and headphones. The tilt functions help you adjust the monitor as per your ideal seating posture. You can also VESA Mount it for extra comfort and a neat working and playing space. Tuck every wire behind the monitor with the integrated cable management system to keep your desk free from tangled wires. With the Lenovo C27-40 Monitor, strike the perfect balance between work and play.

Features of Lenovo C27-40 Monitor

The go-getter display

The Lenovo C27-40 Monitor is your new best friend. The 27-inch 3-side NearEdgeless VA panel offers a bigger canvas for you to experience every detail. The FHD (1920 x 1080) resolution with 178°/178° wide-viewing angle makes visuals and images vivid and consistent from every angle. The 72% NTSC color gamut brings to life every shade in the images. Enjoy the clarity and smoothness of every image and movement on screen.

Good vision with good visuals

The Lenovo C27-40 Monitor's AMD FreeSync™ technology* prevents freezes or stutters during immersive gameplay or intensive work. It is aided by the monitor's 75Hz refresh rate and 5ms response time. Enjoy smooth visual transitions on the screen that syncs refresh rates with frame rates. Launch a gaming marathon or binge-watch your favorite web series while the monitor's Natural Low Blue Light technology shields your eyes from harmful blue light.

A setup that won't make you get up

Easily connect the monitor with your laptop and headphones/speakers with the HDMI, VGA, and audio-out ports. The monitor has the flexibility to tilt up and down so you get a comfortable look at the screen. You can also VESA Mount it to further adjust your viewing angles and get more desk space to set up your work or gaming station. The smart cable management system makes it hassle-free to manage cables and keep them out of view.

* AMD FreeSync™ technology can only work with AMD Radeon™ series graphics card.
