SUPER-SLIM AND POWERFUL 63W 4-PORT DESKTOP CHARGER

High-speed USB-C charging

The 45W USB-C port charges a wide range of devices at high speed. Charge a MacBook Pro 13" (2020) in 2.25 hours, an iPhone 11 Pro or iPad Pro 12.9" (2020) in just over 2 hours, or a Samsung S20 in less than 1.5 hours.

Charge 4 devices simultaneously

Transform a single wall outlet into a 45W USB-C port, an 18W USB-C port, and dual USB-A ports to effortlessly charge up to 4 devices simultaneously.

Ultra-Slim

By swapping out silicon for gallium nitride (GaN), we've been able to create one of our slimmest USB-C chargers—without compromising power.

A lifestyle image showing the Anker PowerPort Atom III 63W Slim USB-C charger on a wooden desk. It is connected to a laptop, a tablet, and a smartphone. Text overlay reads "Upgrade Your Desktop Charging" and "4-Port USB-C & USB-A". Icons for "100W", "100%", and "100%" are also visible.
