BH76 Plus

Bluetooth Headset

Quick Start Guide V1.4

Please update the headset to the latest version via Yealink USB Connect (PC) or Yealink Connect (APP) before using.

1 Package List

• Standard

BH76

On-ear Ear Cushion

Carrying Case

BT51-C Dongle

USB C/A Adapter

USB Charging Cable

Quick Start Guide

• Optional

Power Adapter

BHC76 Wireless Charging Stand

Note: We recommend that you use the included accessories, and other accessories may have compatibility issues that prevent them from working properly.

2 Charging

Wireless Charging (optional)

Note: We recommend to fully charge the headset when using it for the first time. The BHC76 is compatible with devices that support Qi wireless charging, such as wireless charging mobile phones and headsets.

LED Indicator Status

Charging

Fully Charged

Note: It takes two hours for USB charging and three hours for wireless charging to be fully charged.

3 Power on/off

Power on  Green

 "power on,
XX % battery remains"

Power off  Red

 "power off"

4 Pairing and Connecting Device

• No Built-in Bluetooth Device

Already pre-paired when leaving the factory, automatically connected

• Built-in Bluetooth Device

Step1: Enter Pairing Mode

• Power On State

Flash Red and Green
Alternately

• Power Off State

Flash Red and Green
Alternately

Step2: Select the Headset from Your Bluetooth Device

Trying to Connect to Teams

Connect to Teams Successfully

Busylight

Flash Red

Solid Red

Flash Purple

Solid Purple

Note: Only the Teams edition can connect to Teams.

6 Music Controls

7 Customers Button

8 Sound Control

Reduce ambient noise. The higher the level, the more obvious the noise cancellation

Noise Canceling

Allow you to hear ambient sound

Ambient Sound

Turn off noise canceling and ambient sound, use passive noise cancellation

OFF

Note:

- You can set the level of noise cancellation on Yealink USB Connect (desktop client) or Yealink Connect (mobile app).
- If you are in Noise Canceling Mode, you might not hear the ambient sound. It depends on ambient conditions and the type or volume of audio playback. Do not use the headset in places where the inability to hear ambient sounds would be dangerous.

9 Replace Ear Cushions

• On-ear to Over-ear

Use your fingers to disassemble the headset and on-ear cushion

Align the over-ear cushion with the headset

Remove the on-ear cushion from the headset

Press the headset and over-ear cushion tightly

• Over-ear to On-ear

Use your fingers to disassemble the headset and over-ear cushion

Align the on-ear cushion with the headset

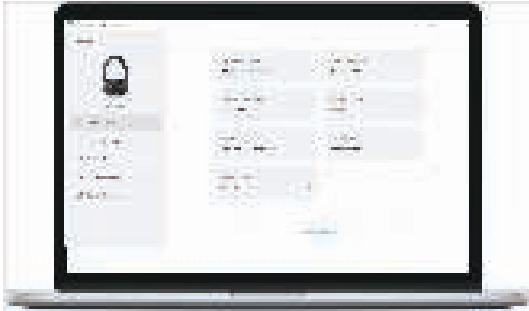

Remove the over-ear cushion from the headset

Press the headset and on-ear cushion tightly

10 Software Management

Yealink USB Connect (PC)

Download it from the Yealink website <https://www.yealink.com/product/yuc>.

Note: It needs to be used with Yealink USB Connect of version 0.34.x.x or higher.

Regulatory Notices

Operating Ambient Temperatures

- Operating temperature: +32 to 104°F (0 to 40°C)
- Relative humidity: 5% to 90%, noncondensing
- Storage temperature: -22 to +160°F (-30 to +70°C)

Warranty

Our product warranty is limited only to the unit itself, when used normally in accordance with the operating instructions and the system environment. We are not liable for damage or loss resulting from the use of this product, or for any claim from a third party. We are not liable for problems with Yealink device arising from the use of this product; we are not liable for financial damages, lost profits, claims from third parties, etc., arising from the use of this product.

Explanation of the symbols

- DC symbol
- is the DC voltage symbol.
- WEEE Warning symbol

■ To avoid the potential effects on the environment and human health as a result of the presence of hazardous substances in electrical and electronic equipment, end users of electrical and electronic equipment should understand the meaning of the crossed-out wheeled bin symbol. Do not dispose of WEEE as unsorted municipal waste and have to collect such WEEE separately.

Restriction of Hazardous Substances Directive (RoHS)

This device complies with the requirements of the EU RoHS Directive. Statements of compliance can be obtained by contacting support@yealink.com.

Safety Instructions

Save these instructions. Read these safety instructions before use!

General Requirements

- Before you install and use the device, read the safety instructions carefully and observe the situation during operation.
- During the process of storage, transportation, and operation, please always keep the device dry and clean, avoid collision and crash.
- Please attempt not to dismantle the device by yourself. In case of any discrepancy, please contact the appointed maintenance center for repair.
- Please refer to the relevant laws and statutes while using the device. Legal rights of others should be respected as well.

Environmental Requirements

- Place the device at a well-ventilated place. Do not expose the device under direct sunlight.
- Keep the device dry and free of dusts.
- Do not place the device on or near any inflammable or fire-vulnerable object, such as rubber-made materials.
- Keep the device away from any heat source or bare fire, such as a candle or an electric heater.

Operating Requirements

- Do not let a child operate the device without guidance.
- Do not let a child play with the device or any accessory in case of accidental swallowing.
- Please use the accessories provided or authorized by the manufacturer only.
- The power supply of the device shall meet the requirements of the input voltage of the device. Please use the provided surge protection power socket only.
- Before plugging or unplugging any cable, make sure that your hands are completely dry.
- Do not spill liquid of any kind on the product or use the equipment near water, for example, near a bathtub, washbowl, kitchen sink, wet basement or near a swimming pool.
- During a thunderstorm, stop using the device and disconnect it from the power supply. Unplug the power plug and the Asymmetric Digital Subscriber Line (ADSL) twisted pair (the radio frequency cable) to avoid lightning strike.
- If the device is left unused for a rather long time, disconnect it from the power supply and unplug the power plug.
- When there is smoke emitted from the device, or some abnormal noise or smell, disconnect the device from the power supply, and unplug the power plug immediately.
- Contact the specified maintenance center for repair.
- Do not insert any object into equipment slots that is not part of the product or auxiliary product.
- Before connecting a cable, connect the grounding cable of the device first. Do not disconnect the grounding cable until you disconnect all other cables.

Battery Requirements

- Do not immerse the battery into water, which could short-circuit and damage the battery.
- Do not expose the battery to an open flame or leave the battery where it could be subjected to extremely high temperatures, which could cause the battery to explode.
- Do not power the handset off before removing the battery.
- Do not try to use the battery for the power supply of any device other than this handset.

- Do not open or mutilate the battery, released electrolyte is corrosive and may cause damage to your eyes or skin.
- Use only the rechargeable battery pack delivered with the handset or those rechargeable battery packs expressly recommended by Yealink.
- Defective or exhausted battery should never be disposed of as municipal waste. Return old battery to the battery supplier, a licensed battery dealer or a designated collection facility.

Cleaning Requirements

- Before cleaning the device, disconnect it from the power supply.
- Use a piece of soft, dry and anti-static cloth to clean the device.
- Keep the power plug clean and dry.

Troubleshooting

The unit cannot supply power to Yealink device.

There is a bad connection with the plug.

1. Clean the plug with a dry cloth.
 2. Connect it to another wall outlet.
- The usage environment is out of operating temperature range.

1. Use in the operating temperature range.

The cable between the unit and the Yealink device is connected incorrectly.

1. Connect the cable correctly.
You cannot connect the cable properly.
1. You may have connected a wrong Yealink device.
2. Use the correct power supply.
- Some dust, etc., may be in the port.
1. Clean the port.

Contact your dealer or authorized service facility for any further questions.

FCC CAUTION:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

ISED WARNING:

This device complies with Innovation, Science and Economic Development Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device. Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'entraver le fonctionnement.

This Class B digital apparatus complies with Canadian ICES-003. Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada. Les communications effectuées au moyen de cet appareil ne sont pas nécessairement protégées des interférences.

The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. The equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

Déclaration d'exposition aux radiations: Cet équipement est conforme aux limites d'exposition aux rayonnements ISED Canada établies pour un environnement non contrôlé. Cet équipement doit être installé et utilisé avec un minimum de 20cm de distance entre la source de rayonnement et votre corps.
