HP Color LaserJet Enterprise M555 Printer series

Future-proof performance for whatever business brings

This printer is intended to work only with cartridges that have a new or reused HP chip, and it uses dynamic security measures to block cartridges using a non-HP chip. Periodic firmware updates will maintain the effectiveness of these measures and block cartridges that previously worked. A reused HP chip enables the use of reused, remanufactured, and refilled cartridges. More at: http://www.hp.com/learn/ds

The world's most secure printing[1]
- The operating code (BIOS) is automatically checked during startup and repairs itself if compromised.
- Common Criteria certified[2] to continually monitor memory activity to detect and stop attacks in real time.
- Firmware is automatically checked during startup to determine if it's authentic code – digitally signed by HP.
- The printer's outgoing network connections are inspected to stop suspicious requests and thwart malware.

Easy to use, simple to manage
- HP FutureSmart firmware can be updated with the latest features[3] to optimise your investment for years to come.
- Centralise control of your printing environment with HP Web Jetadmin – and help build business efficiency.[4]
- Easily enable workflows across your fleet with a consistent user experience and intuitive, tablet-like icons.
- Expect consistent, high-quality results with technology that automatically adjusts print settings to paper type.

Enhanced productivity to empower workgroups
- Give workgroups what they need to succeed. Easily choose and deploy hundreds of HP and third-party solutions.
- Keep your office connected. Built-in Ethernet and Dual-band Wi-Fi®[5] connectivity let you share printing resources on a network.
- Easily manage jobs directly at the printer with a customisable 10.9 cm (4.3 inch) colour touchscreen.
- Spend less time loading paper with up to three input trays for an additional capacity of 2,300 sheets.

Sustainability is smart business
- Help save paper right out of the box. Two-sided (duplex) printing is set at default for automatic savings.[6]
- Help reduce wasted paper and toner by only printing jobs that are truly needed, using HP Roam for Business.[7]
- Help save energy intelligently by using only the power you need with HP Auto-On/Auto-Off Technology.[8]
- Help reduce your impact. Count on easy cartridge recycling at no charge with HP Planet Partners.[9]
