

IMPORTANT HAZARD & SAFETY NOTES

Please read the safety and installation instructions in this product manual carefully before starting the installation. Failure to read, thoroughly understand and follow all instructions may result in serious personal injury, damage to the equipment or voiding of factory warranty. Make sure to keep this manual in a safe place.

General safety instruction

This product is designed for indoor use in public areas. Use the appropriate tools and equipment when installing the motorised product. Not using appropriate equipment may result in severe risk of injury. The stability can be impaired when attaching to furniture. Do not use when defective.

This product can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they are under supervision or have been given instruction concerning the use of the product in a safe way and under the persons involved. Children should not play with the product. Cleaning and user maintenance shall not be made by children without supervision.

Electrical safety

Connect unit to a free accessible 220-240V, 50/60 Hz grounded power outlet only. Make sure the unit can be immediately separated from the power outlet.

Only use unit in dry rooms, protect unit from water and other liquids. Only wipe unit with dry cloth.

Do not open lift unit. RISK OF ELECTRIC SHOCK. There are no serviceable parts inside.

In case of defect or unplug unit from power outlet and call an authorized technical service person.

Do not over-run or damage cables in any other way.

Replace damaged cables immediately with new and from same type.

Mechanical safety

Do not improperly load unit. Do not mount other than original parts in conjunction with original mounting parts.

Do not hang on unit.

Only use original mounting parts provided with the system. Do not exceed the maximum load of 110 kg (242.5 lbs).

Assure installation of unit by authorized service person only. Before moving the unit up or down ensure at least a safety distance of 20 cm/8 inch from any part of the unit to any other element in order to avoid shear traps or squeezing points. In case of any incident, please release operating panel. Movement of unit will stop immediately.

The socket connections of the unit and the wall socket must be easily accessible. Disconnect the power cable from the wall socket before moving the product.

Moveable and free standing units

Only operate unit on flat and stable floor surfaces. Move unit on flat floors only.

Risk of tilting when overrunning unevenness in floors, door sills and similar.

VERY HEAVY UNIT

Severe risk of injury should the unit fall over. Lock brakes of all wheels when operating unit. Always relocate the floor wheel with wheels in the lowest position.

The device is not fire or splash water proof. Do not pour liquids on or nearby or spray the device. Always unplug the unit from the wall socket before cleaning to reduce the risk of electric shock.

Anti-collision protection

The protection system is designed to detect contact between the lift system and an object. This system is provided for protection of the motorised screen lift. The system is explicitly not intended as a safety mechanism to prevent personal injury.

Instructions for disposal

Do not discard with general waste.

EC DECLARATION OF CONFORMITY

This Declaration of Conformity is issued under the sole responsibility of the manufacturer.

Manufacturer

Company name: Neomounts B.V.
Full address: Wateringweg 62
Postal code: 2031 EJ
Place: Haarlem
Country: The Netherlands

Description and identification of the machinery

Product description: Motorized floor stand
Motorized wall stand
Model/Type: FL55-875 / WL55-875
Function: Motorized height adjustable display lift

Compliance

The manufacturer declares that the above mentioned machinery fulfills all relevant provisions of

Machinery Directive 2006/42/EC

EMC Directive 2014/53/EU

RoHS Directive 2011/65/EU, including amendment 2015/863/EU

In conjunction with the following harmonized standards and where appropriate other technical standards and specifications.

Safety of Machinery

EN ISO 12100:2010;

Safety of Electrical Equipment

EN 60105-1:2012+AC:2014

Electromagnetic Compatibility (EMC)

EN 61000-3-2:2014;

EN 61000-3-3:2013

EN 61000-6-3:2007+AC:2012

EN 61000-6-1:2007

EN 62233:2008

Technical documentation for the product is available from:

Name: Neomounts B.V.
Full address: Wateringweg 62, 2031 EJ Haarlem, The Netherlands

Place of issue: Haarlem, The Netherlands

Date of issue: October 17, 2022
