

User Guide

Safety Instructions

- Do not open the power supply unit as this can lead to serious injury or death.
- Do not use any power source other than the power supply unit and do not use the power supply unit as a power source for other equipment.

- Keep power supply unit in dry, clean, well-ventilated area. Do not use power supply unit in wet, immediately remove the AC power plug from the wall and the power supply unit. For your own safety, it is recommended you do not use the power supply unit again after getting it wet.

- Avoid using low quality extension cables for the power supply side connectors as this can cause the cables to melt and even lead to fire.
- This power supply unit has been tested for PC usage only. We cannot guarantee operation or safety performance when used for other PC applications.

- Connect the power connectors according to the motherboard, graphics card, and other device user guides that will be used in the system.
- Connect the AC power connector.
- Switch on the power switch.

Installing the Power Supply Unit

- Make sure the power power switch is turned off before installing the power supply unit.
- Secure the main power switch behind the PC case enclosure with 3 or 4 screws for grounding and stability purpose.
- Connect the power connectors according to the motherboard, graphics card, and other device user guides that will be used in the system.
- Connect the AC power connector.
- Switch on the power switch.

Troubleshooting

- If your system does not turn on after installing the power supply, please follow the troubleshooting guide as listed below:
- 1. Make sure the AC power cord is correctly and firmly connected on both sides.
- 2. Make sure the power switch is turned on.
- 3. Make sure the main power connector and +12V power connectors are correctly connected to the motherboard.
- 4. If the power supply does not function properly, please contact our customer support immediately.

Warranty

Cooler Master guarantees this device to be free of defects in material and workmanship and provide a minimum 10-year hardware limited warranty for the power supply unit on the date of purchase. Please register on our official website to activate your limited warranty. This product was designed and intended for computer usage only. Using this device for other applications will void the warranty. If you are not familiar with computer hardware installation, please seek a professional technician for assistance.

This warranty only applies to the power supply unit and does not include accessories or components connected to the power supply unit.

This warranty only applies to damage caused by normal use and is void if it is determined that the device was damaged by abuse, misuse, accident, fire, flood, lightning, surge, voltage spike, air/water pollution, acid/base, or natural disasters.

Products are not covered by the warranty if they are damaged by misuse, accident, fire, flood, lightning, surge, voltage spike, air/water pollution, acid/base, or natural disasters. In the event of any defects within the warranty period, please return product to the dealer or contact our customer service team for assistance. Please contact our customer service team for any technical or product related questions.
